

Differences Between Wasps, Bees, and Hornets

Wasps:

- ❖ Has bright yellow and black colors
- ❖ Thin waist
- ❖ Smaller than hornets
- ❖ Will not die after stinging

Bees:

- ❖ Has a slight furry, fuzz around the body
- ❖ Smaller than hornets and wasp
- ❖ Will die after stinging

Hornets:

- ❖ Has a darker coloration than wasps
- ❖ Slightly thicker than wasps
- ❖ Larger than bees and wasps
- ❖ Will not die after stinging
